

IEEE/CIC International Conference on Communications in China

IEEE/CIC ICC 2018

16-18 August 2018, Beijing, China

Conference Website: <http://iccc2018.ieee-iccc.org/>

IEEE/CIC International Conference on Communications in China (ICCC 2018) will be held in Beijing, China, 16-18 August, 2018. This conference will feature world-class plenary speakers, major technical symposia, industry and academic panels, tutorials and workshops. The technical program chairs invite the submission of original papers to following symposia for presentation and publication in the conference proceedings. Accepted and presented papers will be submitted to IEEE Xplore. Best paper awards will be selected from accepted papers.

Symposium of Selected Topics in Communications of IEEE/CIC ICC 2018

The goal of the Selected Topics in Communications Symposium is to explore the latest research trends in communications. The symposium aims to present high-quality research results in diversified areas at the frontiers of communication theory, signal processing, coding, mobile computing and system designs and implementation. The selected topics of this year are listed below:

- Non-Orthogonal Multiple Access
- Millimeter-wave communication design and implementation
- Communication for robotics
- Connected vehicles communication
- Backscatter communications
- Unmanned aerial vehicles (UAVs) communication network
- Communication in e-health
- Communication in smart grid
- Internet of things communication
- Green communications

Submission Guidelines

The submitted papers should be original, not published or currently under review for publications in any other journal or conference. All submissions must be formatted in standard IEEE camera-ready format and must be written in English and be at most six (6) printed pages in length, including figures.
